

COLORING FOR CONCRETE

MADE EASY,
AND DESIGNED

TO BEAUTIFY
AND LAST.

SUPER-KRETE® COLOR STAIN™

Super-Krete® Color Stain™ is a waterbased, acrylic/urethane, copolymer concrete and overlay stain. When applied by sprayer or by broom Color Stain™ penetrates and coats virtually any surface including overlay systems, troweled or stamped concrete, wood, tile, brick and stone.

If you can dream it, you can create it with Super-Krete® Color Stain's™ wide range of colors. The possibilities are endless: a driveway, walkway, pool deck or sidewalks and it's an economical alternative to expensive renovations.

Super-Krete® Color Stain™ is EPA and FDA Compliant. With more than 10 years of research and testing, Super-Krete® has developed a superior stain that is resistant to discoloration, staining or fading due to harmful UV rays. Super-Krete® Color Stain™ is truly a revolutionary alternative to other coloring techniques in form and in function.

"We would like to thank the following companies for submitting pictures of their work: Integrity Home Improvement, Sticks and Stones and Tuscany Concrete Staining."
